Welcome

Welcome to StarTypes, your personal astrology report written and illustrated by astrologer/author Michael Erlewine who, with over 40 years of experience in astrology, has written some twenty-some books on astrology and dozens of computer astrological programs. Erlewine writes:

"I have lectured, taught classes, and done private consultations for more years than I want to think about. What I have found works best is a one-to-one presentation of the astrological chart - your personal astrology. In the StarTypes reports, I have tried to do just that: walk you through what is most important about your astrology chart, step-by-step, just as I would if we sat down together for a chart reading. StarTypes Reports are illustrated and easy to read. After all, they are all about you!"

Patterns in the Sky

StarTypes astrology is both ancient and modern. It is ancient, because it uses the traditional natal chart that astrologers have used throughout history. It is modern because it also takes advantage of what astronomers have learned about the heavens and our solar system in these modern times. The result is a unique combination of ancient and modern astrology that provides a unique perspective on your particular birth chart and therefore your life. This is how it works:

StarType analysis plots large-scale planetary patterns as seen from Earth and compares those patterns to corresponding patterns astronomers see functioning throughout our entire solar system. StarTypes charts not only the outer circumstances of your birth (your personality and Karma), but also the internal and spiritual qualities embedded in that same moment, your inner motivation, what has been called your Dharma or Life Path. The result is an enhanced perspective that in effect amounts to a stereo image of your birth moment and chart, looking inside and out.

StarTypes analysis offers a very complete perspective on your birth moment, with insights into what talents you naturally have, how those talents might be used, as well as your relationship role with partners, romantic and otherwise. Check it out. What follows is your own StarType report. I hope you enjoy it.

StarType for Jr. Dude

The heavens above and surrounding us are in constant change as the Sun, Moon, and planets move in their orbits to create vast kaleidoscope-like patterns in the sky, what has been rightly called "The Cosmic Dance." StarType analysis sorts through these many changing patterns and isolates the strongest and most pronounced pattern in effect at the moment of your birth. This cosmic pattern or archetype is your "StarType," and it best represents what is happening in the heavens at the moment of your birth. All in all there are some sixty major StarType patterns that have been recognized, and each represents a particular kind of individual and approach to life.

Your StarType is more than just your personality and the circumstances in which you happen to find yourself in life. It also describes who you are at heart, the real inner you behind all that is going on the outside, plus your possibilities - how you look at and approach life. StarTypes reveal the 'you' as only your closest friends know you, as you know yourself. What follows is a description of our StarType.

This StarType:

Jr. Dude is a very gifted Star*type, particularly when it comes to psychological or spiritual ideas, but with a practical twist. He can usually manifest his ideas on the physical plane, which many have great difficulty in doing. His mind is much more complex than average, and thus suited, as mentioned, to areas of the mind such as psychology, philosophy, and perhaps some of the spiritual disciplines. Seeing beyond the normal, even visionary concepts, are indicated. If there is one caution, it is the tendency to slip into syndromes, and to get caught up in the minutiae of the mind and have trouble extracting himself back to normal life.

Your Approach to Relationships

This means he has enough innate sufficiency to do quite well just by himself, and probably doesn't find dependent relationships all that attractive. If he does choose a partner, the most stabilizing relationship would be with someone who has a pristine mind, the ability to really conceptualize and always gets the big picture at a glance. Jr. Dude can't do that and probably would benefit from such a relationship, whether romantically or as a friendship.

Vocational Suggestions

As for types for Jr. Dude to mix with, learn from, and perhaps have a relationship with, the more cerebral and conceptual green-bordered StarTypes, like the Grand Trine, would be a good match.

As for other blue-bordered cards like himself, he would have the best chance of a stable relationship with any of the blue-bordered cards that have what is called a Grand Trine in them, which is an equal-sided green triangle in them.

Appearances

Things Are Not Always What They Seem

Things are not always what they seem, especially when meeting someone for the first time. How do those around you see you? Are you a "What You See Is What You Get" type or are you a "What You See is Not What You Get" type. Are you different once folks get to know you? StarTypes has way of measuring the difference.

On the following page is a comparison of the traditional astrology chart of the outer appearances of this individual (personality), the way this person comes across AND the chart of their inner Self (Dharma chart), the individual as they are when you come to know them better. This will give you an idea if what you see is in fact what you get.

Your Inner and Outer StarTypes

Inner StarType

Outer StarType

Above find your inner and outer StarType cards. Perhaps the more important of the two is the inner StarType, the one on the left. This is what is called your Dharma of Life-Path Chart. It is who you are inside, as people get to know you. This is your heart essence, how you function in this world.

On the right is the chart of how you appear to others, your personality, the way you come across upon first contact - the initial impression. These two cards can be similar in type and function or very different. If the border color of the cards is the same (green, red, blue, or rose), then you are more-or-less how you appear, that is: what you see is what you get. If they are different, colors, then you may be quite different on first impression than you are when people get to know you. In that case, what you see is not what you get.

StarType Appearances

You Are NOT What You Appear To Be

On the surface Jr. Dude appears Very idea oriented, at home in the mind, perhaps a little shy or awkward socially, but very wordy, interested in the psychological and the philosophical. Not a people person. Caring for others, and compassionate..

Appearances aside, Jr. Dude in fact is Very idea oriented, at home in the mind, perhaps a little shy or awkward socially, but very wordy, interested in the psychological and the philosophical. Caring for others, and compassionate, but also very practical, putting pen to paper, getting things done..

Your Major Chart Patterns

The KEY StarType for Jr. Dude

Key StarType: The Craftsman

Pros:

Jr. Dude is very management oriented, using the mind, grasping ideas and patterns with ease, perfect for overseeing, supervision, and higher-level management decisions. He also possesses a natural sense of psychology, an ability to psych out and understand how the mind works, in general, and in particular cases. Jr. Dude is thoughtful, careful, and very eager and future oriented. All of this psychological and theoretical leaning is balanced by a very practical side, the ability to see ideas into the practical level - make things happen.

Cons:

Jr. Dude is sometimes too mental rather than physical, and can tend to get lost in the workings of the mind. He can benefit from higher-level management skills.

The Psychologist

Another StarType pattern in effect at your birth is: Jr. Dude's mind and psychological prowess is the key to understanding his StarType. It is ALL about mental processes and mental states. He has a very strong mind and could be an expert psychologist and, at any rate, cannot avoid learning about the mind in all of its inner mechanisms and wanderings.

Naturally compassionate and responsive, Jr. Dude lives by his wits and intellectual abilities, and not by his group or people skills. If anything, he runs to the cool side. If there is any downside to all of this psychological prowess, it would be perhaps a tendency to get a little lost in the mind and wake up locked into one mental syndrome or another, some mental habit that is roaring like a freight train, who knows where. So take note.

The Witness

Another StarType pattern in effect at your birth is: "Big Mind," lots of vision, strong mental and observational faculties are what is happening here. An interest in the mind itself and how it works suggests that psychological areas are a natural for Jr. Dude and can't be avoided. He takes to the psychological workings of the mind like a fish to water. Psychic insight is perhaps indicated, as well.

In summary, he is taking it all in, recording it, "getting it" whole, with all its parts, and their interaction. Jr. Dude is somewhat recursive mentally, tending perhaps to syndromes.

In fact, if things are not on point for him, all of this mental striving can easily slip into anxiety, making loops of worry or syndromes very possible. Jr. Dude very much needs relationships, not just for entertainment but in a remedial way.

The Receptive

Another StarType pattern in effect at your birth is: Jr. Dude has the StarType of the caregiver, caring for and serving others, perhaps given over to worry, but in the purest form, just concern. He uses the mind to evaluate and minister to everything and everybody worthy of care. He naturally is open, a listener, and always receptive. Much more mental than physical, Jr. Dude probably has a career in a service industry, something that involves thinking and using the mind.

The Lover

Another StarType pattern in effect at your birth is: Marching to a different drummer, you've heard the phrase. Well, that fits Jr. Dude and this StarType to a 'tee'. Here we have extra-ordinary intellect, a real talent for sizing up a situation at a glance. There is only one caveat and that is that he always has an alternate view of almost everything, not that this is in any way a defect. He is usually spot on with his observations, but, again, always coming from a new or alternate way of looking at things - the master of left field.

Jr. Dude's mind is all encompassing and his opinion is considered essential, albeit unique.

The Caregiver

Another StarType pattern in effect at your birth is: Jr. Dude is hard-working and always ready to pitch in and help out. Not particularly touchy-feely, he tends to be more reserved, depending on using his mind and mental abilities in most situations. He often does not assume folks can understand who he is until he shows them what he can do or has done in the past.

Jr. Dude excels in situations that demand responsibility and thinking on the feet, in particular when it comes to service-oriented concerns, matters that demand real care.

And he is a hard worker.

The Entrepreneur

Another StarType pattern in effect at your birth is: "For ideas must be made to matter." This might be the slogan for Jr. Dude, and of this StarType, "The Entrepreneur," a type that is driven to react to any practical contact with ways to improve the situation - always bringing new ideas into the practical sphere.

For one, Jr. Dude naturally gets the big picture, just taking in any situation, and grasping the overall gist of it. This is Jr. Dude. But coupled with this supervisor or overseeing ability is something just a little rare and that is: a constant drive to implement whatever he sees in his mind, as practical solutions in the day-to-day world. He can't rest until the ideas that he sees in the overview of his mind are implemented here on earth in a very practical way. Thus, the nickname: "The Entrepreneur," for his natural drive finds him endlessly risking all to bring something into reality that was only an idea before.

Finger of God

Another StarType pattern in effect at your birth is: Jr. Dude has a StarType with a real sense of striving and yearning to complete or resolve the situation - whatever is at hand. Over time, this need for resolution, this sense of immanent resolution, of always expecting something, of waiting could manifest almost as a waiting for the other shoe to drop, even a sense of premonition at best, and apprehension and even foreboding about what is to come (the future in general) at worst. The concept to grasp is this openness or expectancy for something to happen that will resolve or relieve this expectancy. Also: perhaps he has great curiosity, interest in exploring and getting into details.

The Charismatic

Another StarType pattern in effect at your birth is: Jr. Dude likes attention and probably demands (and usually gets) lots of it. Whatever is going on, he tends to gravitate to the center of any group, where the action is at - the life of the party. This is because at heart he is warm and charismatic, most definitely a touchy-feeling sort of person. People like him and like to be around him. Jr. Dude is probably in-demand for dinner dates and parties. Why? Because he is fun! Sometimes Jr. Dude feels like he has to protect his privacy and does not like being hemmed in and pinned down by claustrophobic situations.

Your Talent Cards

The various StarType patterns in the sky at the time of your birth are made up of particular planet configurations that form large cosmic diagrams. When three or more planets in one of these cosmic patterns are in close synch with one another, they form a special combination or "Talent." Most of us have one or more of these 'talent' cards in the deck that heaven has dealt us; some are more welcome than others. In the pages that follow, some of your major talent cards are shown. Keep in mind that not all talent cards are easy; some are difficult.

In some cases no cards are shown because the cards and their respective 'talents' are not identified within this particular configuration.

Summary

has great conceptual abilities, grasps things with his mind with the patterns right off. In other words: he always sees the forest and the trees. This talent for grasping abstract concepts coupled with a broad vision makes him perfect for management that involves planning, organizational matters, and sizing things up. Naturally forward looking, eager and always interested in the future, at times even reaching the visionary level. He is naturally compassionate, aware of others, and is generally kind. Management talent is solid, but this can leave his coworkers feeling a bit cool on the cool side, since he is not a touchy-feely type of person. Outside the box, the waiting client out to dinner, because he runs to matters of the mind, and he is much, not in the warm and cuddly sense. He's broad mind and dependence on operating from a fairly abstract place can make him impractical in social situations, due to a lack of experience and common sense. However, he is not a lack of...

Jr. Dude is very management oriented, facile at using the mind, grasping ideas and patterns with ease, and perfect for overseeing, supervision, and higher-level management decisions. He also possesses a natural sense of psychology, an ability to psych out and understand how the mind works, in general, and in particular cases. Jr. Dude is thoughtful, careful, and very eager and future oriented. All of this psychological and theoretical leaning is balanced by a very practical side, the ability to see ideas into the practical level - to make things happen.

Jr. Dude would make an excellent mid-level manager, mostly on the side of upper management, but still sensitive to the needs of the work staff. As mentioned above, he is naturally interested in the spiritual, philosophical, and psychological, and would make an excellent counselor. However, Jr. Dude is sometimes just a little too mental rather than physical, and can tend to get lost in the workings of the mind. He can benefit from higher-level management skills. There is a tendency for him to fall into a mental syndrome from time to time and to sit and spin his wheels.

Learn more about StarType Families

StarTypes analysis excels in vocational and relationship analysis and it can be useful to know something about each of the four most common relationship roles that StarType covers, these roles indicated by the red, green, blue, and rose-colored borders of the StarType cards. Let's go over the basic relationship types.

First let's make sure that we are clear about what we mean by relationship, and this holds true for all relationships: lovers, friends, not-so-friends, co-workers, and even not-so-friends..

Any relationship of two persons, given time, usually resolves itself into one of four main general styles or types, in which each partner in the relationship takes on a particular role. Of course, the two classic roles are that of the "Lover" and the "Loved One," as in Romeo is the lover and Juliet is the object of his love or loved one. A more modern way of saying this might be that in most relationships, someone picks up the dirty socks (lover or caretaking role) and someone lets the socks lay there (loved one or taken-care-of role). StarType analysis is quite accurate at showing you ahead of time who is likely to be the Lover and who the Loved One. To make it easier, we use four colors to mark the four major types of relationships:

Green: The Lover

GREEN: The green-bordered cards represent "The Lover" StarType family. They take on the role of the lover, the observer and annotators, and the caretaker of the relationship.

Examples of classic green-bordered StarType patterns include the Grand Trine (#60), Kite (#5), Basket (#21), Wedge (#2), Mystic Rectangle (#4), and others.

Red: The Loved One

RED: The red-bordered StarType cards are reserved for the "Loved One" family, the ones who are watched, cared for, and observed. These are the StarTypes with all the charisma. They like attention and usually take on the role of the watched - the Loved One.

Examples of classic red-bordered cards include the T-Cross or T-Square (#1) and the Grand Cross (#3).

Blue: Independent

BLUE: Some chart patterns have both roles in a single natal chart, the role of the Lover and the Loved One. When both qualities ("Loved One" and "Lover") appear in the same chart, these are the "Independent" StarTypes, and their borders are blue. They can go both ways. In some relationships they take on the role of the Lover, but in others they assume the role of the Loved One. They are somewhat self-contained.

Examples of classic blue-bordered cards include T-Cross & Grand Trine (#7), Grand Cross & Grand Trine (#12), T-Cross & Wedge (#10), and others.

Rose: Multi-relationship

ROSE: And last, there is a small group of StarTypes that demand a lot of contact and relations, called appropriately the "Multi-" or Many-Relationships" StarTypes, which have rose colored borders.

Examples of classic rose-bordered cards include Within-a-Trine (#36) and Within-180 (#38).
